CHAIRMAN'S STATEMENT

**DEAR VALUED
SHAREHOLDERS,**

On behalf of the Board of Directors, I am pleased to present the Annual Report and Audited Financial Statements of the Group and the Company for the financial year ended 31 December 2015.

BUSINESS REVIEW

In financial year 2015, the Group managed to deliver a satisfactory performance despite facing intense business competition and sustained market challenges.

Overall, performance of the Group's products in both international and domestic markets were better than the previous year. In the international front, improved demand largely came from ASEAN markets while the Middle East remained stable but tough. In the domestic market, the Group managed to sustain its performance as we continue to seize opportunities in the oil and gas, power and infrastructure related projects. The Group also benefitted from demand arising from the implementation of various government transformation projects and other private sector investments.

The Group remained focused in enhancing its competitive position through internal process improvements. These efforts have paid dividends and enabled us to weather the difficult business environment and deliver another positive performance. Operations wise, the Group's CSS plants were producing at their highest capacity utilisation rate during the year. Under the circumstances, the additional capacity coming through from our new Nilai plant this year will definitely enable us to fulfil market requirements even better.

GROUP PERFORMANCE

For the financial year ended 31 December 2015, the Group achieved a revenue of RM179.1 million, a 4.0 % increase against the previous financial year. After accounting for tax, profit for the year at RM26.0 million was 12.1% higher compared to the corresponding period last year. This translates into earnings of 19.0 sen per share.

PROSPECTS

We anticipate market conditions will be challenging in 2016.

Growth in the developed economies is forecasted to be relatively subdued in the coming year. We will continue to pursue growth in overseas markets, especially the Middle East region. We anticipate demand to remain strong from emerging markets, especially ASEAN and its neighbours. This demand is expected to come from new development projects. Under the circumstances, the Group remain optimistic in repeating its success to secure contracts for various projects and expect it to maintain its contribution to the Group in financial year 2016.

In the domestic market, we anticipate the market growth to be small with demand coming from the implementation of government infrastructure projects and private sector investments in oil and gas, power, property, high rise residential and commercial developments.

CHAIRMAN'S STATEMENT (CONT'D)

CORPORATE GOVERNANCE

The Board is committed to observing the Malaysian Code of Corporate Governance (2012) and Listing Requirements of Bursa Securities and has ensured that a high standard of corporate governance is practiced throughout the Group to safeguard the Group's assets, operations and shareholder value. Our statement on corporate governance can be found on pages 9 to 18.

There were no sanctions and/or penalties imposed on the Company and its subsidiary companies, Directors or management by the relevant regulatory bodies in 2015.

CORPORATE SOCIAL RESPONSIBILITY

The Group is committed to Corporate Social Responsibility ("CSR") by integrating it into the business operations.

During the year, the Group continued to support charitable foundations which are involved in disaster relief programmes. Internally, use of recycled paper where applicable is highly encouraged, and the company practice switching off lighting and airconditioning in the offices when not in use to save energy.

The Group continues to place great importance on the need to protect our environment. The Group's business responsibility, while geared towards increasing profitability, is also to maintain its good manufacturing practices and to adhere to national environmental policies at all times. All manufacturing sites are pursuing their own waste reduction programmes.

WORD OF APPRECIATION

On behalf of the Board, I would like to thank the Directors, the management and all employees of the Group for their dedicated services, commitment, loyalty and contribution during 2015. No doubt financial year 2016 will continue to be very challenging but I have confidence in the Group's management capacity and ability to overcome whatever difficulties that may present themselves.

I would also like to take this opportunity to thank the Regulatory Authorities, shareholders, customers, business associates, clients, bankers, sub-contractors and suppliers for their continuing support, trust and confidence to the Group.

I appreciate the trust and opportunity given to me to assume the position of Chairman of a distinguished Group like United U-LI Corporation Berhad. I shall endeavour to give my utmost in discharging the responsibilities entrusted upon me. With the support of my co-directors, the management and staff and other stakeholders, I am hopeful that my job would be made much easier.

Tan Sri Dato' Wira Abd Rahman Bin Ismail

CORPORATE GOVERNANCE STATEMENTS

The Board of Directors of United U-LI Corporation Berhad (“the Board”) fully appreciates the importance of adopting high standards of Corporate Governance within the Group. The Board is committed to ensuring that the highest standards of Corporate Governance are consistently observed by the Group. Apart from observance of the Principles and Best Practices on Corporate Governance as set out in the Malaysian Code on Corporate Governance 2012 (“the Code”), the Board has also moved to put in place stringent parameters and measures for adherence by the management.

By promoting integrity and professionalism in the management of the Group’s affairs, the Board acknowledges the corporate governance tenets of transparency, accountability, integrity and corporate governance as the prerequisites of a responsible corporate citizen.

The Board is therefore pleased to report that during the financial year ended 31 December 2015, it had practiced good corporate governance in directing and managing the business affairs of the Company and its subsidiaries (“the Group”).

BOARD OF DIRECTORS

Board Composition and Balance

The Board currently comprises eight (8) members, three (3) of whom are Executive Directors and five (5) Non-Executive Directors. All Non-Executive Directors are Independent and hence fulfil the prescribed requirements for one-third (1/3) of the membership of the Board to be independent Members.

The composition and size of the Board is a well-balanced with an effective mix of Executive Directors and Independent Non-Executive Directors, which is in line with the Code and with the right mix of skills and experience. This balance enables the Board to provide clear and effective leadership to the Group and facilitates the Board in making of informed and critical decisions on many aspects of the Group’s strategies and performances. The Board structure also ensures that no individual or group of individuals dominates the Board’s decision making process.

The Executive Directors who have good knowledge of the business are responsible for implementing corporate strategies and policies as well as charged with the management of the day-to day operations of the business. The Independent Non-Executive Directors play a pivotal role in corporate accountability.

The Independent Non-Executive Directors are independent of management and free from any business relationship which could materially interfere with the exercise of their judgement or the ability to act in the best interests of the Group and of the minority shareholders. The presence of the Independent Non-Executive Directors are essential in providing the Group with a wider general experience of strategy formulation, unbiased and independent opinions, advices, judgements, objective view of the performance of the management and professionalism to ensure that adequate systems are used to safeguard the interest not only of the Group, but also of minority shareholders and stakeholders of the Group. The tenure of an Independent Director shall not exceed a cumulative term of 9 years.

The Board has identified Mr. Shariff Bin Mohd Shah as the Senior Independent Non-Executive Director of the Board to whom concerns may be conveyed where it could be inappropriate for the concerns to be dealt with by the Chairman and Managing Director. The Senior Independent Non-Executive Director may be contacted at Tel: +603-5569 5999.

The composition and size of the Board are reviewed from time to time to ensure its appropriateness. The Board is satisfied with its current composition which comprises a balanced mix of skills, knowledge and experience in the business and management fields which are relevant to enable the Board to carry out its responsibilities in an effective and efficient manner.

CORPORATE GOVERNANCE STATEMENTS (CONT'D)

Clear Roles And Responsibilities

There is a clear and distinct division of responsibilities between the Chairman and the Managing Director to ensure a proper balance of power and authority. The Chairman leads the Board in setting values and standards of the Group and is responsible for the effective conduct of the Board. He ensures that information relating to issues on agenda is disseminated to all Directors well before deliberation at Board meetings and facilitates the constructive relations between the executive and Non-executive Directors whilst the Managing Director has overall responsibility over the operating units, organisational effectiveness, coordinating the development and implementation of business and corporate strategies as well as the implementation of Board policies and decisions

- ii. confidential information;
- iii. inside information and securities trading;
- iv. protection of assets;
- v. business records and control;
- vi. compliance to the law;
- vii. personal gifts and contribution;
- viii. health and safety;
- ix. sexual harassment;
- x. outside interest;
- xi. fair and courteous behavior; and
- xii. misconducts.

CORPORATE GOVERNANCE STATEMENTS (CONT'D)

Appointment and Re-election of Board Members

The Code provides greater clarity on the aspects of which Nominations Committee should consider when recommending candidates for directorship. The Code further places the importance of the Director appraisal where Nomination Committee should ensure that its assessments and evaluations are properly documented.

In accordance with the Company's Articles of Association, all Directors are required to submit themselves for re-election by rotation at least once in every three (3) years at each Annual General Meeting (AGM). Newly appointed Directors shall hold office until the AGM following their appointment and shall then be eligible for re-election by shareholders. The proposed appointment of new Board members, resignation of existing members, as well as the proposed re-election of the Directors are approved by the Board upon the recommendation of the Nomination Committee.

The Articles of Association also requires that at least one-third (1/3) of the Directors including Executive Directors, to retire from office by rotation and be eligible for re-election at every AGM. All Directors shall submit themselves for re-election at least once every three (3) years from date of appointment in compliance with the Listing Requirements of the Bursa Securities.

Pursuant to Section 129(2) of the Companies Act, 1965, Directors who are over seventy (70) years of age are required to submit themselves for re-appointment annually.

The Board, through its delegation to the Nomination Committee, has set up and implemented the process for the assessments of its Chairman, the individual Board Members and the Board as a whole. For the financial year ended 31 December 2015, the Board has, through the Nomination Committee, reviewed the skills mix and experience of the individual Directors and assessed the effectiveness of the Board as a whole. A separate assessment for Independent Director is also undertaken annually.

Board Meetings and Supply of Information

To ensure effective management of the Group, Board meetings are convened regularly during the year, at quarterly intervals or as and when necessary. During the financial year five (5) Board meetings took place.

Details of the attendance of the Directors at the Board meetings held in the financial year ended 31 December 2015 are as follows:

Name of Director	No. of Meetings Attended
Tan Sri Dato' Wira Abd Rahman Bin Ismail	5/5
Dato' Wira Lee Yoon Wah	5/5
Dato' Lee Yoon Kong	5/5
Teow Lai Seng	5/5
Chim Wai Khuan	5/5
Wong Chow Lan	5/5
Lokman Bin Mansor	5/5
Shariff Bin Mohd Shah	5/5

All Directors are provided with an agenda inclusive of relevant Board papers prior to each Board meeting. The Board papers include minutes of the last Board meeting, agenda for the current meeting and any report and documents pertaining to the issues to be discussed at the meeting. The Board papers are issued in sufficient time to enable the Directors to obtain a comprehensive understanding of the issues to be deliberated upon to enable them to arrive at an informed decision. The Chairman of the Board chairs the Board meetings while the Managing Director leads the presentation and provides explanations on the Board reports. Senior Management staff may be invited to attend the Board meetings to explain and clarify matters being tabled.

CORPORATE GOVERNANCE STATEMENTS (CONT'D)

In addition to quarterly Board meetings, briefings are conducted for the Board from time to time on various issues such as changes to company and securities legislations, rules and regulations to inform them of the latest developments in these areas. The Directors are also notified of any corporate announcements released to the Bursa Securities. They are also informed of the impending restriction in dealing with the securities of the Company at least one month prior to the release of the unaudited quarterly financial result announcement.

In exercising their duties, the Board has unrestricted access to timely and accurate information which is not only quantitative but also other information deemed suitable within the Group, whether as a full Board or in their individual capacity. All Directors also have direct access to the advice and the services of the Group's Company Secretary in carrying out their duties. In addition, the Board may also seek professional opinion and independent advice from external consultants, if necessary, at the Company's expense.

Director's Training

The Directors have attended the Mandatory Accreditation Programme ("MAP") and from time to time Continuing Education Programme ("CEP") prescribed by the Bursa Securities.

During the financial year, three Directors were unable to attend MAP due to program timing and individual availability constraints. Moving forward, the Board will be organising in-house training to accommodate all the Board members.

CORPORATE GOVERNANCE STATEMENTS (CONT'D)

Corporate Disclosure

The Board is aware of the need to establish corporate disclosure policies and procedures to enable comprehensive, accurate and timely disclosures relating to the Company and its subsidiaries to the regulators, shareholders and stakeholders. The Board formalized pertinent corporate disclosure policies not only to comply with the disclosure requirements as stipulated in the Listing Requirements, but also setting out the persons authorised and responsible to approve and disclose material information to shareholders and stakeholders.

To augment the process of disclosure, the Board established a dedicated section for corporate information on the Company's website where information on the Company's announcements, financial information, share prices, and the Company's Annual Report may be accessed.

INVESTOR RELATIONS AND SHAREHOLDERS COMMUNICATION

The Board acknowledges the importance of maintaining transparency and accountability to all its stakeholders, particularly its shareholders and investors as it ensures that market credibility and investor's confidence are maintained. Through extensive disclosures of appropriate and relevant information, using various channels of communication on a timely basis, the Group aims to effectively provide shareholders and investors with information to fulfil transparency and accountability objectives.

At this juncture, the channel of communication to shareholders, stakeholders and general public for the overall performance and operations of the Group's business activities are press releases, public announcements on quarterly basis, annual report and disclosures to the Bursa Securities.

Meetings with institutional investors, fund managers and analysts from time to time provide an additional avenue for the Board and Management to convey information about Group's performance, strategy and other matters affecting shareholders' interests.

The upcoming AGM represents the principal forum for dialogue and interaction with shareholders. The notice of meeting and the annual report are sent out to shareholders at least 21 days before the date of the meeting in accordance with the Company's Articles of Association. A presentation is given by the Chairman to explain the Group's strategy, performance and major Developments to shareholders during the AGM. Shareholders are accorded both the opportunity and time to raise questions or offer constructive criticism pertaining to the operations and financial matters of the Group; whilst the Board and Senior Management will provide the answers and appropriate clarifications to issues raised. The external auditors will also be present to provide their professional and independent clarification on issues and concerns raised by the shareholders, if necessary.

At the last AGM of the Company, no substantive resolutions were put forth for shareholders' approval, except the routine resolutions pertaining to receiving of audited financial statements, re-appointment and re-election of Directors, payment of dividends and Directors' fees and re-appointment of Auditors. In view thereof, all resolutions were voted on by show of hands by shareholders.

The Board will consider adopting electronic voting to facilitate greater shareholder participation at general meetings, and to ensure accurate and efficient outcomes of the voting process.

Besides the key channels of communication through the annual report, general meetings and announcements to Bursa Securities as well as analyst and media briefings, there is also continuous effort to enhance the Group's website at www.uli.com.my as a channel of communication and information dissemination. Continuous improvement and development of the website will be undertaken by the Group to ensure easy and convenient access.

CORPORATE GOVERNANCE STATEMENTS
(CONT'D)**ACCOUNTABILITY AND AUDIT****Financial Reporting**

The Board aims to provide and present a clear, balanced and meaningful assessment of the Group's financial position and prospects by ensuring quality financial reporting through the annual financial statements and quarterly financial results to its stakeholders, in particular, shareholders, investors and the regulatory authorities.

The Audit Committee assists the Board in scrutinising information for disclosure to ensure the quality of financial reporting and adequacy of such information, prior to submission to the Board for its approval. STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

Board of Directors' Responsibilities

The Malaysian Code on Corporate Governance requires the Board of Directors ('Board') to establish a sound risk management framework and internal controls system to safeguard shareholders' investment and the Group's assets. The Board recognises the importance of maintaining a sound system of internal control. The Board also acknowledges its responsibility for the Group's system of internal control which covers not only financial controls but operational and compliance controls. The system of internal control is designed to manage rather than eliminate the risk of failure to achieve business objectives and strategies. Shareholders should be aware that there are inherent limitations in any system of internal control. Accordingly, it can only provide reasonable assurance but not absolute assurance against material misstatement of management and financial information or against financial losses or irregularities.

Risk Management Framework

Recommendation 6.1 of Principle 6 in the Malaysian Code on Corporate Governance 2012 states that the Board should establish a sound framework to manage risk. The risk management framework has been embedded in the Company's management systems. Authority and accountability have been clearly defined to implement the risk management process and internal control system.

The Group's Risk Management Framework encompasses Risk Management Units whose members are made of Managers from different subsidiaries and departments within the Group. These Units identifies critical risks faced by the Group.

These critical risks identified are brought to the attention of the Risk Management Committee during Risk Management Meetings for deliberations and decisions. The members of the Risk Management Committee comprise of the Group Managing Director/Chief Executive Officer, two Executive Directors and appointed Senior Management personnel. During the financial year ended 31 December 2015, the Risk Management Committee has met three (3) times.

Based on the assessment of the risk management and internal control systems of the Group, the Board is of the view that there is an ongoing process of identifying, evaluating, monitoring and managing significant risks affecting the achievement of its business objectives in their daily activities throughout the financial year and up to the date of approval of the Annual Report.

Internal Control Environment

Within the Group, there are organisational structures in place for each operating unit with clearly defined levels of authority. Management of each operating unit has clear responsibility for identifying risk affecting their unit and the overall Group's business as a whole. They are also charged with instituting adequate procedures and internal controls to mitigate and monitor such risks on an ongoing basis. Since its listing on the Bursa Securities, the Board has regularly addressed issues or risks that may have arisen.

Standard operating policies and procedures that document how transactions are captured and where internal controls are applied exist for all operating units of the Group. As part of the performance monitoring process, management information in the form of forecasts and quarterly management accounts and reports are provided to the Board for review and approval.

Audit Committee

During the financial year ended 31 December 2015, the Audit Committee has met five (5) times. The Audit Committee provides assurance to the Board in discharging its overall responsibility for the effectiveness of internal controls in the Group. The key functions performed by the Committee were:

- Review of audit plans of both external and internal auditors;
- Review of quarterly results and announcements and recommend to the Board for approval; and
- Review any related party transactions and conflict of interest situations.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (CONT'D)

Internal Audit

The Group outsourced its internal audit function to an independent firm of consultants.

The internal audit team will assist the Audit Committee in discharging internal audit function in which to assess the adequacy and effectiveness of the system of internal controls and accounting control procedures of the Group. The internal audit team independently reported to the Audit Committee its activities, significant results, findings and necessary recommendations. As such, internal audit progress report will be issued by internal audit team to enable the Board to gain assurance on the effectiveness, adequacy and integrity of the Group's system of internal controls. At the onset, the annual audit programme will be presented to the Audit Committee for approval before commencement of the following financial year. The internal audit team is totally independent. It has no involvement in the operations of the Group and is not involved in providing any form of advisory to the management of the Group.

Conclusion

In addition to the above, the Board has received assurance from the Group Managing Director/Chief Executive Officer, Executive Directors, Group Financial Controller as well as other Managers and Departmental Heads of the subsidiaries that the Group's risk management and internal control system is operating adequately and effectively in all material aspects. Based on this assurance, the Board is of the view that the risk management and internal control system is adequate to meet the needs of the Group in addressing financial, operational and compliance risks and have not resulted in any material losses, contingencies or uncertainties that would require disclosure in the Group's annual report.

Furthermore, the Board and senior management remains committed to continuously strengthen the Group's internal control system by taking into consideration better practices and the fast changing business environment.

REVIEW OF THE STATEMENT BY EXTERNAL AUDITORS

The external auditors have reported to the Board that nothing has come to their attention that causes them to believe that this Statement on Risk Management and Internal Controls is not prepared, in all material respects, in accordance with the disclosures required by paragraphs 41 and 42 of the Statement on Risk Management and Internal Controls: Guidelines for Directors of Listed Issuers to be set out, nor is factually inaccurate.

At the date of this report, the directors are not aware of any circumstances that would render the amount written off for bad debts, or the amount of the allowance for doubtful debts, in the financial statements of the Group and of the Company inadequate to any substantial extent.

CURRENT ASSETS

Before the statements of comprehensive income and statements of financial position of the Group and of the Company were made out, the directors took reasonable steps to ensure that any current assets which were unlikely to be realised in the ordinary course of business including their values as shown in the accounting records of the Group and of the Company had been written down to an amount that they might be expected to realise.

At the date of this report, the directors are not aware of any circumstances that would render the values attributed to the current assets in the financial statements of the Group and of the Company misleading.

VALUATION METHODS

At the date of this report, the directors are not aware of any circumstances which have arisen which render adherence to the existing methods of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.

CONTINGENT AND OTHER LIABILITIES

At the date of this report, there does not exist:-

- (i) any charge on the assets of the Group or of the Company that has arisen since the end of the financial year which secures the liabilities of any other person, or
- (ii) any contingent liabilities in respect of the Group or of the Company that has arisen since the end of the financial year.

In the opinion of the directors, no contingent liabilities or other liabilities of the Group or of the Company has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which will or may affect the ability of the Group or of the Company to meet their obligations as and when they fall due.

DIRECTORS' REPORT (CONT'D)

CHANGE OF CIRCUMSTANCES

At the date of this report, the directors are not aware of any circumstances, not otherwise dealt with in this report or the financial statements of the Group and of the Company that would render any amount stated in the financial statements misleading.

ITEMS OF MATERIAL AND UNUSUAL NATURE

In the opinion of the directors,

- (i) the results of the operations of the Group and of the Company for the financial year were not substantially affected by any item, transaction or event of a material and unusual nature; and
- (ii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Group and of the Company for the financial year in which this report is made.

ISSUE OF SHARES AND DEBENTURES

During the financial year, the Company increased its issued and paid-up share capital from RM66,000,000/- to RM72,600,000/- by the issuance of 13,200,000 new ordinary shares of RM0.50 each at RM3.50 pursuant to the private placement exercise.

The new ordinary shares issued during the financial year rank pari passu in all respects with the existing ordinary shares of the Company.

During the financial year, no new debentures were made by the Company.

NOTES TO THE FINANCIAL STATEMENTS

1. GENERAL INFORMATION

The Company is principally engaged in investment holding whilst the principal activities of the subsidiaries are as stated in Note 8 to the financial statements.

There have been no significant changes in the nature of these principal activities during the financial year.

The Company is a public limited liability company, incorporated and domiciled in Malaysia and listed on the Main Market of Bursa Malaysia Securities Berhad.

The registered office of the Company is located at 62C, Jalan SS21/62, Damansara Utama, 47400 Petaling Jaya, Selangor Darul Ehsan.

The principal place of business of the Company is located at 33, Jalan Kartunis U1/47, Temasya Industrial Park, Seksyen U1, 40150 Shah Alam, Selangor Darul Ehsan.

The financial statements are expressed in Ringgit Malaysia.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the directors on 24th March 2016.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation

The financial statements of the Group and of the Company have been prepared in accordance with the Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards and the requirements of the Companies Act, 1965 in Malaysia.

The financial statements of the Group and of the Company have been prepared under the historical cost basis, except as disclosed in the significant accounting policies in Note 2.4.

The preparation of financial statements in conformity with MFRSs requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of the revenue and expenses during the reported period. It also requires directors to exercise their judgement in the process of applying the Group's and the Company's accounting policies. Although these estimates and judgement are based on the directors' best knowledge of current events and actions, actual results may differ.

The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in the Note 3 to the financial statements.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

NOTES TO THE FINANCIAL STATEMENTS
(CONT'D)**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****2.3 New MFRSs and Amendments/Improvements to MFRSs that have been issued, but yet to be effective (Cont'd)**

A brief discussion on the above significant new MFRSs and amendments/improvements to MFRSs are summarised below. Due to the complexity of these new MFRSs and amendments/improvements to MFRSs, the financial effects of their adoption are currently still being assessed by the Group and the Company.

MFRS 9 Financial Instruments

Key requirements of MFRS 9:-

- MFRS 9 introduces an approach for classification of financial assets which is driven by cash flow characteristics and the business model in which an asset is held. The new model also results in a single impairment model being applied to all financial instruments.

In essence, if a financial asset is a simple debt instrument and the objective of the entity's business model within which it is held is to collect its contractual cash flows, the financial asset is measured at amortised cost. In contrast, if that asset is held in a business model the objective of which is achieved by both collecting contractual cash flows and selling financial assets, then the financial asset is measured at fair value in the statements of financial position, and amortised cost information is provided through profit or loss. If the business model is neither of these, then fair value information is increasingly important, so it is provided both in the profit or loss and in the statements of financial position.

- MFRS 9 introduces a new, expected-loss impairment model that will require more timely recognition of expected credit losses. Specifically, this Standard requires entities to account for expected credit losses from when financial instruments are first recognised and to recognise full lifetime expected losses on a more timely basis. The model requires an entity to recognise expected credit losses at all times and to update the amount of expected credit losses recognised at each reporting date to reflect changes in the credit risk of financial instruments. This model eliminates the threshold for the recognition of expected credit losses, so that it is no longer necessary for a trigger event to have occurred before credit losses are recognised.
- MFRS 9 introduces a substantially-reformed model for hedge accounting, with enhanced disclosures about risk management activity. The new model represents a significant overhaul of hedge accounting that aligns the accounting treatment with risk management activities, enabling entities to better reflect these activities in their financial statements. In addition, as a result of these changes, users of the financial statements will be provided with better information about risk management and the effect of hedge accounting on the financial statements.

2.3 New MFRSs and Amendments/Improvements to MFRSs that have been issued, but yet to be effective (Cont'd)

MFRS 15 Revenue from Contracts with Customers

The core principle of MFRS 15 is that an entity recognises revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. An entity recognises revenue in accordance with the core principle by applying the following steps:

- (i) identify the contracts with a customer;
- (ii) identify the performance obligation in the contract;
- (iii) determine the transaction price;
- (iv) allocate the transaction price to the performance obligations in the contract;
- (v) recognise revenue when (or as) the entity satisfies a performance obligation.

MFRS 15 also includes new disclosures that would result in an entity providing users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows from contracts with customers.

The following MFRSs and IC Interpretations will be withdrawn on the application of MFRS 15:

MFRS 111	Construction Contracts
MFRS 118	Revenue
IC Interpretation 13	Customer Loyalty Programmes
IC Interpretation 15	Agreements for the Construction of Real Estate
IC Interpretation 18	Transfers of Assets from Customers
IC Interpretation 131	Revenue – Barter Transactions Involving Advertising Services

Amendments to MFRS 5 Non-current Assets Held for Sale and Discontinued Operations

Amendments to MFRS 5 introduce specific guidance on when an entity reclassifies an asset (or disposal group) from held for sale to held for distribution to owners (or vice versa), or when held-for-distribution is discontinued.

Amendments to MFRS 7 Financial Instruments: Disclosures

Amendments to MFRS 7 provide additional guidance to clarify whether servicing contracts constitute continuing involvement for the purposes of applying the disclosure requirements of MFRS 7.

The amendments also clarify the applicability of Disclosure – Offsetting Financial Assets and Financial Liabilities (Amendments to MFRS 7) to condensed interim financial statements.

Amendments to MFRS 11 Joint Arrangements

Amendments to MFRS 11 clarify that when an entity acquires an interest in a joint operation in which the activity of the joint operation constitutes a business, as defined in MFRS 3, it shall apply the relevant principles on business combinations accounting in MFRS 3, and other MFRSs, that do not conflict with MFRS 11. Some of the impact arising may be the recognition of goodwill, recognition of deferred tax assets/ liabilities and recognition of acquisition-related costs as expenses. The amendments do not apply to joint operations under common control and also clarify that previously held interests in a joint operation are not re-measured if the joint operator retains joint control.

Amendments to MFRS 101 improve the effectiveness of disclosures. The amendments clarify guidance on materiality and aggregation, the presentation of subtotals, the structure of financial statements and the disclosure of accounting policies.

Amendments to MFRS 116 Property, Plant and Equipment

Amendments to MFRS 116 prohibit revenue-based depreciation because revenue does not reflect the way in which an item of property, plant and equipment is used or consumed.

Amendments to MFRS 119 Employee Benefits

Amendments to MFRS 119 clarify that the high quality corporate bonds used to estimate the discount rate for post-employment benefit obligations should be denominated in the same currency as the liability and the depth of the market for high quality corporate bonds should be assessed at a currency level.

Amendments to MFRS 127 Separate Financial Statements

Amendments to MFRS 127 allow a parent and investors to use the equity method in its separate financial statements to account for investments in subsidiaries, joint ventures and associates, in addition to the existing options.

Amendments to MFRS 138 Intangible Assets

Amendments to MFRS 138 introduce a rebuttable presumption that the revenue-based amortisation method is inappropriate. This presumption can be overcome only in the following limited circumstances:

- when the intangible asset is expressed as a measure of revenue, i.e. in the circumstance in which the predominant limiting factor that is inherent in an intangible asset is the achievement of a revenue threshold; or
- when it can be demonstrated that revenue and the consumption of the economic benefits of the intangible asset are highly correlated.

Amendments to MFRS 10 Consolidated Financial Statements and MFRS 128 Investments in Associates and Joint Ventures

These amendments address an acknowledged inconsistency between the requirements in MFRS 10 and those in MFRS 128, in dealing with the sale or contribution of assets between an investor and its associate or joint venture.

The main consequence of the amendments is that a full gain or loss is recognised when a transaction involves a business, as defined in MFRS 3. A partial gain or loss is recognised when a transaction involves assets that do not constitute a business.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.3 New MFRSs and Amendments/Improvements to MFRSs that have been issued, but yet to be effective (Cont'd)

Amendments to MFRS 10 Consolidated Financial Statements, MFRS 12 Disclosures of Interests in Other Entities and MFRS 128 Investments in Associates and Joint Ventures

These amendments address the following issues that have arisen in the application of the consolidation exception for investment entities:

- Exemption from presenting consolidated financial statements: the amendments clarify that the exemption from presenting consolidated financial statements applies to a parent entity that is a subsidiary of an investment entity, when the investment entity measures all of its subsidiaries at fair value.
- Consolidation of intermediate investment entities: the amendments clarify that only a subsidiary is not an investment entity itself and provides support services to the investment entity is consolidated. All other subsidiaries of an investment entity are measured at fair value.
- Policy choice for equity accounting for investments in associates and joint ventures: the amendments allow a non-investment entity that has an interest in an associate or joint venture that is an investment entity, when applying the equity method, to retain the fair value measurement applied by the investment entity associate or joint venture to its interest in subsidiaries, or to unwind the fair value measurement and instead perform a consolidation at the level of the investment entity associate or joint venture.

Amendments to MFRS 116 Property, Plant and Equipment and Amendments to MFRS 141 Agriculture

With the amendments, bearer plants would come under the scope of MFRS 116 and would be accounted for in the same way as property, plant and equipment. A bearer plant is defined as a living plant that is used in the production or supply of agricultural produce, is expected to bear produce for more than one period and has a remote likelihood of being sold as agricultural produce, except for incidental scrap sales.

Nevertheless, the produce growing on the bearer plant would remain within the scope of MFRS 141. This is because the growth of the produce directly increases the expected revenue from the sale of the produce. Moreover, fair value measurement of the growing produce provides useful information to users of financial statements about future cash flows that an entity will actually realise as the produce will ultimately be detached from the bearer plants and sold separately.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.4 Significant Accounting Policies

The following accounting policies have been used consistently in dealing with items which are considered material in relation to the financial statements:-

(a) Basis of Consolidation

(i) Subsidiaries

Subsidiaries are entities, including unincorporated entities, controlled by the Company. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Potential voting rights are considered when assessing control only when such rights are substantive. The Group also considers it has de facto power over an investee when, despite not having the majority of voting rights, it has the current ability to direct the activities of the investee that significantly affect the investee's return.

Investments in subsidiaries are measured in the Company's statement of financial position at cost less any impairment losses, unless the investment is held for sale or distribution. The cost of investments includes transactions costs.

The accounting policies of subsidiaries are changed when necessary to align them with the policies adopted by the Group.

(ii) Accounting for Business Combinations

Business combinations are accounted for using the acquisition method from the acquisition date, which is the date on which control is transferred to the Group.

From 1st January 2011 the Group has applied MFRS 3, Business Combination (Revised) in accounting for business combinations. The change in accounting policy has been applied prospectively in accordance with the transitional provisions provided by the standard and does not have impact on earnings per share.

For acquisition on or after 1st January 2011, the Group measures goodwill at the acquisition date as:-

- the fair value of the consideration transferred; plus
- the recognised amount of any non-controlling interests in the acquiree; plus
- if the business combination is achieved in stages, the fair value of the existing equity interest in the acquiree; less
- the net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed.

When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss.

For each business combination, the Group elects whether it measures the non-controlling interests in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets at the acquisition date.

Transaction costs, other than those associated with the issue of debt or equity securities that the Group incurs in connection with a business combinations are expensed as incurred.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.4 Significant Accounting Policies (Cont'd)

(a) Basis of Consolidation (Cont'd)

(iii) Accounting for Acquisition of Non-controlling Interests

The Group treats all changes in its ownership interest in a subsidiary that do not result in a loss of control as equity transactions between the Group and its non-controlling interest holders. Any difference between the Group's share of net assets before and after the change, and any consideration received or paid, is adjusted to or against Group reserves.

(iv) Loss of Control

Upon the loss of control of a subsidiary, the Group derecognises the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently it is accounted for as an equity accounted investee or as an available-for-sale financial asset depending on the level of influence retained.

(v) Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

(b) Property, Plant and Equipment and Depreciation

All property, plant and equipment are initially stated at cost. Subsequent to initial recognition, property, plant and equipment are stated at cost less accumulated depreciation and impairment loss, if any. The policy for the recognition and measurement of impairment losses is in accordance with Note 2.4(g).

Cost includes expenditure that is directly attributable to the acquisition of the asset. When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items of property, plant and equipment.

The cost of replacing part of an item of property, plant and equipment is included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the part will flow to the Group and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the profit or loss as incurred.

Freehold lands are not depreciated as it has an infinite lives. All other property, plant and equipment are depreciated on a straight line basis to write off the cost of each asset to its residual value over the estimated useful lives of the assets concerned. The annual rates used for this purpose are as follows:-

Leasehold land	61 years - 82 years
Buildings	2%
Electrical installation	10%
Plant and machinery	15%
Motor vehicles	15%
Office equipment	10%
Furniture and fittings	10%
Renovation	10%

Work-in-progress is not depreciated as this asset is not yet available for use.

The residual values and useful lives of property, plant and equipment are reviewed, and adjusted if appropriate, at the end of each reporting period. The effects of any revisions of the residual values and useful lives are included in the profit or loss for the financial year in which the changes arise.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the profit or loss in the financial year the asset is derecognised.

(c) Investment Property

Investment property is property held for long term rental yields and/or for capital appreciation and is not occupied by the Group. Such properties are initially measured at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation of investment properties are provided for the straight line basis to write off the cost of investment properties to their residual value over their estimated useful lives of the investment properties.

Building is depreciated on a straight line basis to write off the cost over its estimated useful lives at an annual rate of 2%.

A property interest under an operating lease is classified and accounted for as an investment property on a property-by-property basis when the Group holds it to earn rentals or for capital appreciation or both. Any such property interest under an operating lease classified as an investment property is carried at fair value.

Investment property is derecognised when either it has been disposed off or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gain or loss on the retirement or disposal of an investment property is recognised in the profit or loss in the financial year in which it arises.

(d) Intangible Assets

Trademark represents the acquisition cost of the rights and license to use the name of "Goodlite" in the manufacturing of electrical lighting and fittings. Trademark is stated at cost less any accumulated amortisation and any accumulated impairment losses.

Trademark with finite useful lives will be amortised on a straight line basis over its estimated economic useful lives of 10 years and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for trademark are reviewed yearly at the end of each reporting period.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.4 Significant Accounting Policies (Cont'd)

(e) Inventories

Inventories are stated at the lower of cost and net realisable value.

Cost is determined on the weighted average basis. The cost of raw materials and consumables comprise cost of purchase, transport and handling charges. The costs of finished goods and work-in-progress comprise cost of raw materials, direct labour and other direct costs and appropriate proportions of manufacturing overheads based on the normal operating capacity.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(f) Financial Instruments

Financial instruments are recognised in the statements of financial position when, and only when, the Group and the Company become a party to the contract provisions of the financial instrument.

Financial instruments are recognised initially at fair value, except for financial instruments not measured at fair value through profit or loss, they are measured at fair value plus transaction costs that are directly attributable to the acquisition or issue of the financial instruments.

An embedded derivative is recognised separately from the host contract and accounted for as a derivative if, and only if, it is not closely related to the economic characteristics and risks of the host contract and the host contract is not categorised as fair value through profit or loss. The host contract, in the event an embedded derivative is recognised separately, is accounted for in accordance with the policy applicable to the nature of the host contract.

(a) Subsequent Measurement

The Group and the Company categorise the financial instruments as follows:

(i) Financial assets

Financial assets at fair value through profit or loss

Financial assets are classified as financial assets at fair value through profit or loss when the financial assets are either held for trading, including derivatives (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument) or are designated into this category upon initial recognition.

Subsequent to initial recognition, financial assets at fair value through profit or loss are measured at fair value with the gain or loss recognised in profit or loss.

Derivatives that are linked to and must be settled by delivery of unquoted equity instruments whose fair values cannot be reliably measured are measured at costs.

As at the end of the reporting period, there were no financial assets classified under this category.

NOTES TO THE FINANCIAL STATEMENTS
(CONT'D)**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****2.4 Significant Accounting Policies (Cont'd)****(f) Financial Instruments (Cont'd)****(a) Subsequent Measurement (Cont'd)**

The Group and the Company categorise the financial instruments as follows: (Cont'd)

(i) Financial assets (Cont'd)Loans and receivables

Financial assets with fixed or determinable payments that are not quoted in an active market are classified as loans and receivables.

Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method less accumulated impairment losses, if any. The policy for the recognition and measurement of impairment losses is in accordance with Note 2.4(g). Gains and losses are recognised in profit or loss through the amortisation process.

Held-to-maturity investments

Financial assets with fixed or determinable payments and fixed maturities are classified as held-to-maturity when the Group has the positive intention and ability to hold them to maturity.

Subsequent to initial recognition, held-to-maturity investments are measured at amortised cost using the effective interest method less accumulated impairment losses, if any. Gains and losses are recognised in profit or loss through the amortisation process.

As at the end of the reporting period, there were no financial assets classified under this category.

Available-for-sale financial assets

Available-for-sale financial assets comprise investment in equity and debt securities that are designated as available-for-sale or are not classified in any of the three preceding categories.

Subsequent to initial recognition, available-for-sale financial assets are measured at fair value. Gains or losses from changes in fair value of the financial assets are recognised in other comprehensive income, except for impairment losses and foreign exchange gains and losses arising from monetary items and gains and losses of hedged items attributable to hedge risks of fair value hedges which are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is derecognised. Interest income calculated using the effective interest method is recognised in profit or loss. Dividends on an available-for-sale equity instrument are recognised in profit or loss when the Group's and the Company's right to receive payment is established.

As at the end of the reporting period, there were no financial assets classified under this category.

(f) Financial Instruments (Cont'd)

(a) Subsequent Measurement (Cont'd)

The Group and the Company categorise the financial instruments as follows: (Cont'd)

(ii) Financial liabilities

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading, including derivatives (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument) or financial liabilities designated into this category upon initial recognition.

Subsequent to initial recognition, financial liabilities at fair value through profit or loss are measured at fair value with the gain or loss recognised in profit or loss.

Derivatives that are linked to and must be settled by delivery of equity instruments that do not have a quoted price in an active market for identical instruments whose fair values otherwise cannot be reliably measured are measured at cost.

Other financial liabilities

Subsequent to initial recognition, other financial liabilities are measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss through the amortisation process.

(b) Financial Guarantee Contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument.

Financial guarantee contracts are recognised initially as a liability at fair value, net of transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, the liability is measured at the higher of the best estimate of the expenditure required to settle the present obligation at the reporting date and the amount initially recognised less cumulative amortisation.

(c) Regular Way Purchase or Sale of Financial Assets

A regular way purchase or sale is a purchase or sale of a financial asset under a contract whose terms require delivery of the asset within the time frame established generally by regulation or convention the marketplace concerned.

A regular way purchase or sale of financial asset is recognised and derecognised, as applicable, using trade date accounting. Trade date accounting refers to:-

- the recognition of an asset to be received and the liability to pay for it on the trade date; and
- derecognition of an asset that is sold, recognition of any gain or loss on disposal and the recognition of a receivable from the buyer for payment on the trade date.

NOTES TO THE FINANCIAL STATEMENTS
(CONT'D)**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****2.4 Significant Accounting Policies (Cont'd)****(f) Financial Instruments (Cont'd)****(d) Derecognition**

A financial asset or a part of it is derecognised when, and only when, the contractual rights to receive the cash flows from the financial asset expire or control of the asset is not retained or substantially all of the risks and rewards of ownership of the financial asset are transferred to another party. On derecognition of a financial asset, the difference between the carrying amount and the sum of the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognised in other comprehensive income is recognised in profit or loss.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged, cancelled or expires. On derecognition of a financial liability, the difference between the carrying amount and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

(g) Impairment

The Group and the Company assess at the end of each reporting period whether there is any objective evidence that a financial asset is impaired.

(i) Impairment of Financial Assets**Trade and other receivables**

To determine whether there is objective evidence that an impairment loss on financial assets has been occurred, the Group and the Company consider factors such as the probability of insolvency or significant delay in payments. For certain categories of financial assets, such as trade receivables, assets that are assessed not to be impaired individually are subsequently assessed for impairment on a collective basis based on similar characteristics. Objective evidence of impairment for a portfolio of receivables could include the Group's and the Company's past experience of collecting payments, an increased in the number of delayed payments in the portfolio past the average credit period and the observable changes in national or local economic conditions that correlate with default on receivables.

If any such evidence exists, the amount of impairment loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. The impairment loss is recognised in profit or loss.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. When a trade receivable becomes uncollectible, it is written off against the allowance account.

If in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, the previously recognised impairment loss is reversed to the extent that the carrying amount of the asset does not exceed its amortised cost at the reversal date. The amount of reversal is recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.4 Significant Accounting Policies (Cont'd)

(g) Impairment (Cont'd)

(ii) Impairment of Non-financial Assets

The Group assesses at the end of each reporting period whether there is an indication that an asset may be impaired. If any such indication exists, or when an annual impairment assessment for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's fair value less cost to sell and its value in use. For the purpose of assessing impairments, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units ("CGU")).

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risk specific to the asset. Where the carrying amounts of an asset exceed its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. Impairment losses recognised in respect of a CGU or groups of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to those units or groups of units and then, to reduce the carrying amount of the other assets in the unit or groups of units on a pro-rata basis.

An impairment loss is recognised in the profit or loss in the period in which it arises.

An impairment loss for an asset other than goodwill is reversed if, and only if, there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment was recognised. The carrying amount of an asset is increased to its revised recoverable amount, provided that this amount does not exceed its carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset in prior years. A reversal of impairment loss for an asset is recognised in the profit or loss.

(h) Equity Instruments

Instrument classified as equity are measured at cost on initial recognition and are not remeasured subsequently.

(i) Issue expenses

Costs directly attributable to the issue of instruments classified as equity are recognised as a deduction from equity.

(ii) Ordinary shares

Ordinary shares are classified as equity.

(iii) Distributions of assets to owners of the Company

The Group measures a liability to distribute assets as a dividend to the owners of the Company at the fair value of the assets to be distributed. The carrying amount of the dividend is remeasured at each reporting period and at the settlement date, with any changes recognised directly in equity as adjustments to the amount of the distribution. On settlement of the transaction, the Group recognises the difference, if any, between carrying amount of the assets distributed and the carrying amount of the liability in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS
(CONT'D)**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****2.4 Significant Accounting Policies (Cont'd)****(i) Leases****(i) Finance Leases**

Leases of property, plant and equipment where the Group assumes substantially all the benefits and risks of ownership are classified as finance leases.

Assets acquired by way of finance lease are stated at an amount equal to the lower of their fair values and the present value of minimum lease payments at the inception of the leases, less accumulated depreciation and impairment losses. The corresponding liability is included in the statements of financial position as borrowings. In calculating the present value of minimum lease payments, the discount factor used is the interest rate implicit in the lease, when it is practicable to determine; otherwise, the Group's incremental borrowing rate is used. Property, plant and equipment acquired under finance leases are depreciated over the shorter of the estimated useful lives of the asset and the lease term.

Lease payments are apportioned between the finance costs and the reduction of the outstanding liability. Finance cost, which represent the difference between the total leasing commitments and the fair value of the assets acquired, are recognised as an expense in the profit or loss over the term of the relevant lease so as to produce a constant periodic rate of charge on the remaining balance of the obligations for each accounting period.

(ii) Operating Lease

Leases of assets where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Operating lease payments are recognised as an expense on a straight line basis over the term of the relevant lease. The aggregate benefit of incentives provided by the lessor is recognised as a reduction of rental expense over the lease term on a straight line basis.

In the previous years, a leasehold land that normally had an indefinite economic lives and title was not expected to pass to the lessee by the end of the lease term was treated as an operating lease. The payment made on entering into or acquiring a leasehold land that was accounted for as an operating lease represents prepaid lease payments, except for leasehold land classified as investment property.

(j) Interest-bearing Borrowings

All interest-bearing borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing borrowings are subsequently measured at amortised cost using the effective interest method.

(k) Foreign Currencies**(i) Functional and Presentation Currency**

The individual financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional currency and presentation currency.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

(k) Foreign Currencies (Cont'd)

(ii) Transactions and Balances

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiaries and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate ruling at the end of reporting period. Non-monetary items denominated in foreign currencies measured at fair value are translated using the exchange rates at the date when the fair value was determined.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of reporting period are recognised in profit or loss.

Exchange differences arising on the translation of non-monetary items carried at fair value are included in profit or loss for the period except for the differences arising on the translation of non-monetary items in respect of which gains and losses are recognised directly in other comprehensive income. Exchange differences arising from such non-monetary items are also recognised directly in other comprehensive income.

(l) Revenue Recognition

Revenue comprises the fair value of the consideration received or receivable for the sale of goods and services in the ordinary course of the Group's activities. Revenue is shown net of returns, rebates and discounts and after eliminating sales within the Group.

The Group recognised revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Group's activities as described below. The amount of revenue is not considered to be reliably measured until all contingencies relating to the sale have been resolved. The Group bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

(i) Sales of Goods

Revenue from sale of goods is recognised upon delivery of products and customers' acceptance, net of discounts and returns and when the significant risk and rewards of ownership have been passed to the buyer. Revenue is not recognised to the extent where there are significant uncertainties regarding recovery of the consideration due, associated costs or the possible return of goods.

(ii) Interest Income

Interest income is recognised on an accruals basis using the effective interest method unless collectability is in doubt in which recognition will be on a receipt basis.

(iii) Dividend Income

Dividend income is recognised when the Group's right to receive payment is established.

NOTES TO THE FINANCIAL STATEMENTS
(CONT'D)**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****2.4 Significant Accounting Policies (Cont'd)****(m) Income Tax**

The tax expense in the profit or loss represents the aggregate amount of current tax and deferred tax. Current tax is the expected amount of income taxes payable in respect of the taxable profit for the financial year and is measured using the tax rates that have been enacted at the end of reporting period.

Deferred tax is provided for, using the liability method, on temporary differences at the each of reporting period between the tax bases of assets and liabilities and their carrying amounts in the financial statements. In principle, deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised. Deferred tax is not recognised if the temporary difference arises from goodwill or negative goodwill or from the initial recognition of an asset or liability in a transaction which is not a business combination and at time of the transaction, affects neither accounting profit nor taxable profit.

Deferred tax is measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted at the each of reporting period. Deferred tax is recognised in the profit or loss, except when it arises from a transaction which is recognised directly in equity, in which case the deferred tax is also charged or credited directly in other comprehensive income, or when it arises from a business combination that is an acquisition, in which case the deferred tax is included in the resulting goodwill or the amount of any excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the cost of the combination.

(n) Borrowing Costs

Borrowing costs are recognised in the profit or loss as an expense in the period in which they are incurred.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets.

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when expenditure for the asset is being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are interrupted or completed.

(o) Employee Benefits**(i) Short Term Employee Benefits**

Wages, salaries, bonuses, social security contribution and non-monetary benefits are recognised as an expense in the financial year in which the associated services are rendered by the employees. Short-term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences. Short term non-accumulating compensated absences like sick leave, maternity and paternity leave are recognised when absences occur.

2.4 Significant Accounting Policies (Cont'd)

(o) Employee Benefits (Cont'd)

(ii) Post-Employment Benefits

The Group contributes to the Employees' Provident Fund, the national defined contribution plan. The contributions are charged to the profit or loss in the period to which they are related. Once the contributions have been paid, the Group has no further payment obligations.

(p) Segment Reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the chief operating decision maker, which in this case is the Chief Executive Officer of the Group, to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

(q) Cash and Cash Equivalents

For the purpose of statements of cash flows, cash and cash equivalents comprise cash in hand, bank balances, demand deposits and other short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value. Cash and cash equivalents are stated net of bank overdrafts which are repayable on demand.

(r) Earnings per Share

The Group presents basic and diluted earnings per share data for its ordinary shares ("EPS").

Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by weighted average number of ordinary shares outstanding during the period, adjusted for own shares held.

Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding adjusted for own shares held for the effects of all dilutive potential ordinary shares, which comprise convertible notes, bonus issue and share options granted to employees.

(s) Contingencies

(i) Contingent liabilities

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is not recognised in the statements of financial position and is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

(CONT'D)**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****2.4 Significant Accounting Policies (Cont'd)****(s) Contingencies (Cont'd)****(ii) Contingent assets**

Where it is not probable that there is an outflow of economic benefits, or the amount cannot be estimated reliably, the asset is not recognised in the statements of financial position and is disclosed as a contingent asset, unless the probability of inflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent assets unless the probability of inflow of economic benefits is remote.

(t) Fair Value Measurements

Fair value of an asset or a liability, except for share-based payment and lease transactions, is determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market or in the absence of a principal market, in the most advantageous market.

For non-financial asset, the fair value measurement takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would be use the asset in its highest and best use.

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair value are categorised into different levels in a fair value hierarchy based on the input used in the valuation technique as follows:

- Level 1: quoted prices (unadjusted) in active markets for the identical assets or liabilities that the Group can access at the measurement date.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: unobservable inputs for the asset or liability.

The Group recognises transfers between levels of the fair value hierarchy as of the date of the event or change in circumstances that caused the transfers.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

Significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have significant effect in determining the amounts recognised in the financial statements include the following:-

(i) Classification of leasehold land

The Group had in the previous financial year, reassessed and determined that all leasehold land of the Group which are in substance finance leases and had reclassified the leasehold land from prepaid lease payments to property, plant and equipment.

(ii) Useful lives of property, plant and equipment

The Group estimates the useful lives of property, plant and equipment based on the period over which the assets are expected to be available for use. The estimated useful lives of property, plant and equipment are reviewed periodically and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the relevant assets.

In addition, the estimation of the useful lives of property, plant and equipment are based on internal technical evaluation and experience with similar assets. It is possible, however, that future results of operations could be materially affected by changes in the estimates brought about by changes in factors mentioned above. The amounts and timing of recorded expenses for any period would be affected by changes in these factors and circumstances. A reduction in the estimated useful lives of the property, plant and equipment would increase the recorded expenses and decrease the non-current assets.

(iii) Impairment of property, plant and equipment

The Group assesses impairment of assets whenever the events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable i.e. the carrying amount of the asset is more than the recoverable amount.

The Group reviews the carrying amount of its non-current assets, which include property, plant and equipment, to determine whether there is an indication that those assets have suffered an impairment loss in accordance with relevant accounting policies on the respective category of non-current assets. Independent valuations to determine the carrying amount of these assets will be procured when the need arise.

As at end of reporting period, the directors of the Group are of the opinion that there is no indication that the property, plant and equipment may be impaired.

(iv) Impairment of investment in subsidiaries

The Group and the Company carried out the impairment test based on a variety of estimation including the value in use of the cash generating unit. Estimating the value in use requires the Group and the Company to make an estimate of the expected future cash flows from the cash generating unit and also to choose a suitable discount rate in order to calculate the present value of those cash flows.

NOTES TO THE FINANCIAL STATEMENTS
(CONT'D)**3. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS (CONT'D)****(v) Impairment of loans and receivables**

The Group assesses at the end of each reporting period whether there is any objective evidence that a financial asset is impaired. To determine whether there is objective evidence of impairment, the Group considers factors such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments.

Where there is objective evidence of impairment, the amount and timing of future cash flows are estimated based on historical loss experience for assets with similar credit risk characteristics. The carrying amount of the Group's loans and receivables at the end of reporting period is disclosed in Note 10 to the financial statements.

(vi) Amortisation of intangible assets

Intangible assets are amortised on a straight line basis over their estimated economic useful lives. The directors estimates that the useful lives of the intangible assets to be 10 years. Changes in the expected level of usage and technological developments could impact the economic useful lives and residual values of the intangible assets. Therefore the future amortisation charge could be revised.

(vii) Income taxes

Significant judgement is required in determining the capital allowances and deductibility of certain expenses during the estimation of the provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred income tax provisions in the period in which such determination is made.

(viii) Contingent liabilities

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

The determination of treatment of contingent liabilities is based on directors' view of the expected outcome of the contingencies for matters in the ordinary course of the business.

(ix) Allowance for obsolete inventories

Reviews are made periodically by management on demand, obsolete and slow moving inventories. These reviews require judgements and estimates. Possible changes in these estimates could result in revisions to the valuations of inventories.

5. INVESTMENT PROPERTIES (CONT'D)
Valuation process applied by the Group

The fair value of investment properties is determined by external, independent property valuers, having appropriate recognised professional qualifications and recent experience in the location and category of property being valued. The valuation was generally derived using the sales comparison approach, where the sales price of comparable properties in close proximity are adjusted for differences in key attributes such as property size and is therefore recognised under level 3 of the fair value hierarchy. The fair value of the investment properties was derived through internal research and directors' best estimation in previous financial year.

Highest and best use

In estimating the fair value of the properties, the highest and best use of the properties is their current use.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

27. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group seeks to manage effectively various risks namely credit, liquidity, foreign currency, interest rate, and market price risks to which the Group is exposed to in its daily operations.

(a) Credit risk

Credit risk is the risk of a financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group's objective is to seek continual revenue growth while minimising losses incurred due to increase credit risk exposure. The Group's exposure to credit risk arises primarily from trade and other receivables. For other financial assets (including fixed deposits placed with licensed banks and cash and bank balances), the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties. The management has a credit policy in place to monitor and minimise the exposure of default. Credit evaluations are performed on all customers requiring credit over certain amount.

(i) Exposure to credit risk

At the end of reporting period, the Group's and the Company's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statements of financial position.

(ii) Credit risk concentration profile

The Group determines concentrations of credit risk by monitoring the country profile of its trade receivables on an ongoing basis. The credit risk concentration profile of the Group's and the Company's trade receivables at the end of reporting period are as follows:-

	Group			
	2015		2014

27. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)
(a) Credit risk (Cont'd)
(v) Amount owing by subsidiaries

The amount owing by subsidiaries is unsecured, interest free and repayable on demand by cash. The Company monitors the results of the subsidiaries regularly.

As at the end of the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statement of financial position.

(vi) Financial guarantees contracts

The Company is exposed to credit risk in relation to financial guarantees given to banks in respect of loans and borrowings granted to certain subsidiaries. The Company monitors the results of the subsidiaries and their repayment on an on-going basis. The maximum exposure to credit risks amounts to RM94,726,000/- (2014: RM93,860,000/-) representing the maximum amount the Company could pay if the guarantee is called on as disclosed in Note 27(b). As at the reporting date, there was no indication that the subsidiary would default on repayment.

The financial guarantees have not been recognised since the fair value on initial recognition was not material.

(b) Liquidity risk

The Group actively manages its debt maturity profile, operating cash flows and the availability of funding so as to ensure that all financing, repayment and funding needs are met. As part of its overall prudent liquidity management, the Group maintains sufficient levels of cash or cash convertible investments to meet its working capital requirements.

Maturity analysis

The table below summarises the maturity profile of the Group's and the Company's liabilities at the end of reporting period based on contractual undiscounted repayment obligations.

(c) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

During the financial year, the Group is exposed to foreign currency risk on transactions that are denominated in currencies other than Ringgit Malaysia. The foreign currencies in which these transactions are denominated are mainly United States Dollar (“USD”), Singapore Dollar (“SGD”) and Brunei Dollar (“BND”).

The Group and the Company ensure that the net exposure to this risk is kept to an acceptable level by buying or selling foreign currencies at spot rates where necessary to address short-term imbalances. Management does not enter into currency hedging transactions since it considers that the cost of such instruments outweigh the potential risk of exchange rate fluctuations.

The financial assets and financial liabilities of the Group that are not denominated in their functional currencies are disclosed in respective notes to the financial statements.

Sensitivity analysis for foreign currency

The following table demonstrate the sensitivity of the Group’s profit before tax to a reasonably possible change in the exchange rates of BND, SGD and USD against the functional currency of the Group, with all the other variables held constant.

(d) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's and the Company's financial instruments will fluctuate because of changes in market interest rates.

The Group's and the Company's exposure to interest rate risk arises primarily from fixed deposits placed with licensed banks and loans and borrowings. The investments in financial assets are mainly short term in nature and they are not held for speculative purposes.

The Group and the Company manage the net exposure to interest rate risks by maintaining sufficient lines of credit to obtain acceptable lending costs and by monitoring the exposure to such risks on an ongoing basis. Management does not enter into interest rate hedging transactions since it considers that the cost of such instruments outweigh the potential risk of interest rate fluctuation.

Term loan	7.35	48,961	60,097	–	109,058

Sensitivity analysis for interest rate risk

At the end of the reporting period, if interest rates had been 1% higher/lower, with all other variables held constant, the Group's profit before tax would have been RM238,225/- (2014: RM178,591/-) higher/lower, arising mainly as a result of lower/higher interest expense on floating rate of loans and borrowings. The assumed movement in the percentage for interest rate sensitivity analysis is based on the currently observable market environment.

(e) Market price risk

Market price risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market prices (other than interest or exchange rates).

The Group is exposed to commodity price risk which affects the price of raw materials used in the operations.

The Group has in place policies to manage the Group's exposure to fluctuations in the selling price of the Group's products and purchase prices of the key raw materials used in the operations. The directors conduct constant survey of the global market price and trend in order to determine the selling price.

28. CAPITAL MANAGEMENT

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capitals ratio in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the years ended 31st December 2015 and 31st December 2014.

The Group monitors capital using a gearing ratio, which is total debts divided by total capital plus total debts. The Group includes within total debts, trade and other payables and loans and borrowings.

29. OPERATING SEGMENTS
General Information

The information reported to the Group's chief operating decision maker to make decisions about resources to be allocated and for assessing their performance is based on the nature of the products and services, and has three reportable operating segments as follows:-

- (a) Investment Holding
- (b) Cable Support Systems
- (c) Electrical Lighting and Fittings

Except as above, no other operating segment has been aggregated to form the above reportable operating segments.

There are varying levels of integration between Cable Support Systems reportable segments and the Electrical Lighting and Fittings reportable segments. This integration includes transfer of raw materials and shared distribution services, respectively. Inter-segment pricing is determined on negotiated basis.

29. OPERATING SEGMENTS(CONT'D)

Measurement of Reportable Segments

Segment information is prepared in conformity with the accounting policies adopted for preparing and presenting the consolidated financial statements.

Segment profit or loss is profit earned or loss incurred by each segment with allocation of interest income, depreciation, interest expense, tax expense and other non-cash expenses. There are no significant changes from prior financial year in the measurement methods used to determine reported segment profit or loss.

All the Group's assets are allocated to reportable segments other than deferred tax assets.

All the Group's liabilities are allocated to reportable segments other than deferred tax liabilities.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF UNITED U-LI CORPORATION BERHAD

Report on the Financial Statements

We have audited the financial statements of United U-LI Corporation Berhad, which comprise the statements of financial position as at 31st December 2015 of the Group and of the Company, and the statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 32 to 89.

Directors' Responsibility for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements so as to give a true and fair view in accordance with the Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act, 1965 in Malaysia. The directors are also responsible for such internal controls as the directors determine are necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal controls relevant to the Company's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Group and of the Company as at 31st December 2015 and of their financial performance and cash flows for the financial year then ended in accordance with the Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act, 1965 in Malaysia.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act, 1965 in Malaysia, we also report the following:-

- (a) In our opinion, the accounting and other records and the registers required by the Companies Act, 1965 in Malaysia to be kept by the Company and its subsidiaries of which we have acted as auditors have been properly kept in accordance with the provisions of the Companies Act, 1965 in Malaysia.
- (b) We are satisfied that the financial statements of the subsidiaries that have been consolidated with the Company's financial statements are in form and content appropriate and proper for the purposes of the preparation of the financial statements of the Group and we have received satisfactory information and explanations required by us for those purposes.
- (c) Our audit reports on the financial statements of the subsidiaries did not contain any qualification or any adverse comments made under Section 174(3) of the Companies Act, 1965 in Malaysia.

INDEPENDENT AUDITORS' REPORT
(CONT'D)**Other Reporting Responsibilities**

The supplementary information set out on page 90 is disclosed to meet the requirement of Bursa Malaysia Securities Berhad and is not part of the financial statements. The directors are responsible for the preparation of the supplementary information in accordance with the Guidance on Special Matter No.1, Determination of Realised and Unrealised Profits or Losses in the Context of Disclosure Pursuant to Bursa Malaysia Securities Berhad Listing Requirements, as issued by the Malaysian Institute of Accountants ("MIA Guidance") and the directive of Bursa Malaysia Securities Berhad. In our opinion, the supplementary information is prepared, in all material respects, in accordance with the MIA Guidance and the directive of Bursa Malaysia Securities Berhad.

Other Matters

NOTES:

1. A member of the Company is entitled to appoint not more than two (2) proxy to attend and vote at a meeting. Where a Member appoints two proxies, the appointments shall not be valid unless the Member specifies the proportion of his shareholding to be represented by each proxy.
2. A proxy need not be a Member of the Company. There shall be no restriction as to the qualification of the proxy and the provisions of Section 149(1)(b) of the Act shall not apply to the Company. A proxy appointed to attend and vote at the meeting shall have the same rights as the Member to speak at the Meeting.
3. The Instrument appointing a proxy shall be in writing under the hand of the appointer or of his attorney duly authorised in writing or, if the appointer is a corporation, either under its common seal, or the hand of its attorney duly authorised. An instrument appointing a proxy to vote at a Meeting shall be deemed to include the power to demand a poll on behalf of the appointer.
4. Where a Member is an authorised nominee as defined under the Securities Industry (Central Depositories) Act 1991, it may appoint one (1) proxy in respect of each Securities Account it holds with ordinary shares of the Company standing to the credit of the said Securities Account.
5. Where a Member of the Company is an exempt authorised nominee as defined under SICDA, which holds ordinary shares in the Company for multiple beneficial owners in one securities account (“omnibus account”), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds.

**NOTICE OF SIXTEENTH ANNUAL GENERAL MEETING
(CONT'D)**

6. The instrument appointing a proxy together with the power of attorney (if any) shall be deposited at the Registered Office of the Company at 62C, Jalan SS21/62, Damansara Utama, 47400 Petaling Jaya, Selangor Darul Ehsan at least forty-eight (48) hours before time appointed for holding the Meeting or any adjournment thereof.
7. For purpose of determining who shall be entitled to attend this Meeting, the Company shall request Bursa Malaysia Depository Sdn Bhd to issue a Record of Depositors as at 20th May 2016 pursuant to Article 47 (f) and paragraph 7.16(2) of Bursa Malaysia Securities Berhad Main Market Listing Requirements. A Depositor whose name appears as such Record of Depositors shall be entitled to attend this Meeting.

EXPLANATORY NOTES TO THE AGENDA**Item 1 of the Agenda**

This item is meant for discussion only as the provision of Section 169 (1) of the Companies Act, 1965 does not require shareholders' approval for the audited financial statements. Therefore, this item will not be put forward for voting.

Item 4 of the Agenda

The proposed Resolution 4 if passed, will enable Tan Sri Dato' Wira Abd Rahman Bin Ismail to continue in office until the next Annual General Meeting.

Item 6 (a) of the Agenda – Ordinary Resolutions 6, 7, 8, 9 and 10**Retention as Independent Non-Executive Directors of the Company pursuant to the Malaysian Code on Corporate Governance 2012**

The Nomination Committee has assessed the independence of Lokman Bin Mansor, Tan Sri Dato' Wira Abd Rahman Bin Ismail, Chim Wai Khuan, Wong Chow Lan and Shariff Bin Mohd Shah, who have served as an Independent Non-Executive Directors of the Company for a cumulative term of more than nine (9) years, and recommended that they continue to act as Independent Non-Executive Directors of the Company based on the following justifications:-

- (i) They fulfilled the criteria under the definition of an Independent Director as stated in the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, and thus, they would be able to function as check and balance and provide an element of objectivity to the Board;
- (ii) They have performed their duty diligently by bringing independent and objective judgements to Board deliberations and in the best interest of the Company; and
- (iii) They also possess vast professional experience and bring the right mix of skills to the Board.

Item 6 (b) of the Agenda – Ordinary Resolution 11**Authority to issue shares pursuant to Section 132D of the Companies Act, 1965**

The Company continues to consider opportunities to broaden the operating base and earnings potential of the Company. The proposed Resolution 11 if passed, will authorise the directors to issue shares up to 10% of the issued and paid-up capital of the Company for the time being and for such purposes as the directors consider would be in the best interest of the Company.

The purpose for the renewal of a general mandate is to avoid any delay and costs in convening a general meeting and to specifically approve such an issue of shares for any possible fund raising activities (excluding placing of shares) for the purpose of funding future investment projects, additional working capital etc.

This authority unless revoked or varied at a general meeting will expire at the next Annual General Meeting of the Company.

As at the date of this notice, there were 13,200,000 ordinary shares of RM0.50 issued, representing 10% of the issued and paid-up capital of the Company on 19th August 2015 pursuant to the mandate granted to the directors at the last Annual General Meeting held on 03rd June 2015 and which will lapse at the conclusion of the forthcoming Annual General Meeting.
